Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 24, 1995

SUBJECT: **SB 1262 - HB 845**

This bill, if enacted, will provide that the proceeds of all seizures, confiscations and sales received or produced as a result of the activities of a law enforcement agency of a local government will be paid into the treasury of the local government and the local government may appropriate these funds for any public purpose.

Currently, proceeds from drug related seizures are used by the county or city for drug enforcement program or drug education program.

The fiscal impact on local governments from enactment of this bill is estimated to be minimal since local government will retain the same amount of funds.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
